Dear Mrs. Claudio-Blum:

Thank you very much for your correspondence (June 19, 1989) outlining the activities that you assisted with at John F. Kennedy High School this school year, but thanks even more for the outstanding job that you did with our kids.

You are a very low-key but extremely efficient person and you had a real impact on our youngsters.

The love and care with which you work with young people was very obvious and won the kids over to you quickly.

The activities that you implemented were diversified and very meaningful. It was obvious to me that much thought, planning and hard work went into all of these activities.

I am extremely proud of the award to the school for "Best Banner" and that one of our students won an award for outstanding community service. There is no doubt in my mind that your work with our students was a big factor in both successes.

Our students obviously need all of the help we can get for them and I really appreciate having individuals such as
